

Gemma Dresser

Cheviot Centre and Events Co-ordinator, Glendale Gateway Trust

Born and bred in Newcastle, my family and I chose a more rural lifestyle around 15 years ago and settled in Longframlington. We live on a farm with a variety of animals, including dogs, a duck, chickens and horses. I previously worked in finance, for Northern Rock and then the Newcastle Building Society, often manning the Wooler branch as part of my 'roving' assistant role. Before that, I spent some time in the agricultural sector - travelling sales and at Mole Country Store in Alnwick. I was very happy to be offered my current role at the Glendale Gateway Trust and joined the team in June 2024. I love Wooler and really enjoy helping the local communities. I can often be spotted on my lunch hour enjoying a walk around our beautiful town.
