

Gillian Lowes

Communications & Projects Officer, Glendale Gateway Trust

I joined the team at the end of May 2023. Prior to working at the Glendale Gateway Trust, I worked for almost 30 years in the travel and tourism industry. From a holiday rep to a cruise ship manager, I travelled the world and sailed the seven seas ensuring holidaymakers were happy and well looked after. Since returning to my roots in Wooler, I continued to work in tourism until 2019 when my little boy, Toby, was born and I became a full time Mummy. Ready for a new work challenge, I was delighted to be offered the post of Communications and Projects Officer and am thoroughly enjoying the role. I especially love being able to play a part in helping the local community and seeing my hometown continue to thrive.
