

I joined the Glendale Gateway Trust in May 2026.

I bring with me over 25 years of experience in bookkeeping and finance. I worked for 19 years for a local firm, learning on the job and getting to grips with all aspects of bookkeeping and finance.

At the same time, I studied for and successfully gained my Certified Accounting Technician Qualification.

Along the way, I had a brief change of career working in schools, but I discovered that bookkeeping and finance is really my passion.

I live in Spittal, Berwick upon Tweed with my husband, two girls and two dogs. Life is busy but in my spare time I enjoy keeping active by walking and running.

I am delighted to have joined the team at the Glendale Gateway Trust and I look forward to the challenges it brings.
